Subject: RE: Former Westinghouse Apparatus Repair Plant, Rancho Dominguez, California

Hello Leo:

Thank you for replying and suggesting dates and times for a conference call regarding the Westinghouse site. Rancho Dominguez, CA. I am available Wednesday, Thursday, and Friday. However, I am not available on Thursday August 15, 2011 from 11:00 am to 1:00 PM.

What about Wednesday August 14 or Friday August 16, 2013 at 10:30 am (on either day)?

Please let me know your preference.

Thank you for your courtesies and have a great day.

Sincerely,
Carmen

Carmen,

Sorry I'm a little slow in responding. I would like to set up a call for the latter part of next week. Please let me know your availability on Wednesday (8/14), Thursday (8/15), or Friday (8/16). Right now, my only conflicts are 1:30 - 2:30 pm EDT on Thursday and 1:00 - 2:00 pm EDT on Friday.

I look forward to hearing from you.

Hello Leo:

Thank you for your message.

Definitely, we are interested in discussing the decontamination of buildings impacted by PCBs as well as the cleanup of any environmental media impacted by the same. Please propose dates and times for a potential conference call on the week of August 5 or August 12, 2013.

Thank you for your courtesies and patience. I look forward to your reply.

Sincerely,

Carmen D. Santos

Subject: Former Westinghouse Apparatus Repair Plant, Rancho Dominguez, California

CBS Corporation, successor to Westinghouse Electric Corporation, has been engaged in the investigation and remediation of a former Westinghouse apparatus repair plant in Rancho Dominguez, California. CBS, through its primary consultant WSP Environment & Energy, has been working on this project with the California Department of Toxic Substance Control (DTSC). We are now at the point of evaluating remediation and decontamination measures to address polychlorinated biphenyl (PCB) concentrations on interior building surfaces. DTSC has requested CBS contact USEPA to open a dialogue regarding remediation and decontamination requirements, and Robert Krug of DTSC specifically suggested you as a point of contact.

I am traveling all of this week, but please feel free to reply to this email (or leave me a voicemail on my office phone) if there is a time next week (the week of August 5, 2013) when we can discuss where we are in the project.

I look forward to hearing from you. Thanks.
